Education

University of Cape Town

Bachelor of Science - BSc, Electrical & Computer Engineering

Jan 2019 – Jun 2025

Activities and societies: Member of the UCT IEEE (Institute of Electrical and Electronics Engineers) Student Branch

Completed a comprehensive NQF Level 8 degree with a curriculum focused on software development, embedded systems, electronics, and communication systems. The program emphasized project-based learning and a systematic approach to engineering problem-solving.

Final Year Thesis: Coexistence Strategy for 5G New Radio and Wi-Fi
My capstone project involved designing and validating an "Optimized Gap Mode" strategy to mitigate interference in shared spectrum. Key achievements included:
• Developed a discrete-event simulator from scratch using Python (SimPy) to model complex network interactions.
• Achieved near-perfect fairness (Jain's Fairness Index > 0.97) and balanced channel occupancy in simulations, demonstrating a significant improvement over baseline models.

Skills: Project Management, AutoCAD, +16 skills
